

HbA1c High Derivative

Safety Data Sheet according to Regulation (EC) No. 453/2010 and 29 CFR § 1910.1200 Revision date: Sep 23, 2022

Version: 6.0

	Revis	ion date: Sep 23, 2022	Version: 6.0
SECTION	1: Identification of the subs	stance/mixture and of the company/undertaking	
	roduct identifier		
Product forn		: Mixture	
Name	1	: HbA1c High Derivative	
Product cod		: 7500-2292	
		ance or mixture and uses advised against	
	elevant identified uses		
Use of the s	ubstance/preparation	: For further manufacture.	
	ses advised against		
0	nostic purposes		
1.3. De	etails of the supplier of the safety d	ata sheet	
221 US Rou Cumberland	l Foreside, ME 04110 - USA	5:00 PM, Eastern Time, Monday through Thursday. 8:30 AM to 4:00 PM on Friday.	
1.4. Er	mergency telephone number		
Emergency	number	: Contact the CHEMTREC [®] Emergency Call Center for assistance with transportation or hazardous materials emergencies (24 hours/day, 7 days/week). Refer to LGC Clinical Diagnostics, Inc. customer number 798037.	
		Within USA and Canada: 1-800-424-9300 or +1 703-527-3887 (collect calls accepted)	
SECTION	2: Hazards identification		
2.1. CI	assification of the substance or mi	xture	
Classificati	on according to Regulation (EC) No	o. 1272/2008 [CLP]	
Not classifie	d.		
Full text of F	I-phrases: see section 16.		
Classificati	on according to Directive 67/548/El	EC or 1999/45/EC [DPD]	
Not classifie	d.		
Full text of F	R-phrases: see section 16.		
Classificati	on according to 2012 29 CFR § 191	0.1200 [OSHA-GHS]	
Not classifie	d.		
Classificati	on according to WHMIS (Controlled	I Products Regulations)	
Not classifie	d.		
	ysicochemical, human health and		
		does contain material of human origin and should be considered potentially infectious.	
	abel elements		
	ccording to Regulation (EC) No. 12		
	• • • •	: No symbol required	
Signal word		: Not Applicable	
	ements (CLP)	: Not Applicable	
	ry statements (CLP)	: Not Applicable	
EUH phrase	s	: Not Applicable	
Labelling a	ccording to 2012 29 CFR § 1910.120	00 [OSHA]	
Hazard picto	ograms (OSHA)	: No symbol required	
Signal word	(OSHA)	: Not Applicable	
Hazard state	ements (OSHA)	: Not Applicable	
	ry statements (OSHA)	: Not Applicable	
	ther hazards		
Each humar		product was tested and found non-reactive for Anti-HIV I/II, Anti-HCV, and HbsAg, with kits	s approved
PBT: not rel	evant – no registration required		
VDVB: not ro	lovant no registration required		

vPvB: not relevant - no registration required

HbA1c High Derivative

Safety Data Sheet according to Regulation (EC) No. 453/2010

SECTION 3: Composition/information on ingredients

3.1. Substances

Not applicable

3.2. Mixtu

3.2.	Mixtures				
Name		Product identifier	%	Classification according to Directive 67/548/EEC	Classification according to Regulation (EC) No. 1272/2008 [CLP]

Additional information: Contains human sourced and/or potentially infectious material.

Full text of R-, H- and EUH-phrases: see section 16.

SECTION 4: First aid measures	
4.1. Description of first aid measures	
First-aid measures after inhalation	 If symptoms are experienced remove source of contamination or move victim to fresh air. Obtain medical advice.
First-aid measures after skin contact	: No health effects expected. If irritation does occur, flush with lukewarm, gently flowing water for 5 minutes or until chemical is removed.
First-aid measures after eye contact	: No effects expected. If irritation does occur, flush contaminated eye(s) with lukewarm, gently flowing water for 5 minutes or until the chemical is removed. If irritation persists, obtain medical advice.
First-aid measures after ingestion	: If irritation or discomfort occurs, obtain medical advice immediately.
4.2. Most important symptoms and eff	
Symptoms/injuries after inhalation	: Overexposure to mists or spray may produce slight irritation of the respiratory system.
Symptoms/injuries after skin contact	: May cause slight irritation to the skin.
Symptoms/injuries after eye contact	: May cause slight irritation to eyes.
Symptoms/injuries after ingestion	: May cause gastric irritation.
4.3. Indication of any immediate media	cal attention and special treatment needed
Treat symptomatically.	
SECTION 5: Firefighting measures	
5.1. Extinguishing media	
Suitable extinguishing media:	: Powder, alcohol-resistant foam, water spray, carbon dioxide.
Unsuitable extinguishing media	: None known.
5.2. Special hazards arising from the s	substance or mixture
Fire hazard	 No particular fire or explosion hazard. In case of fire it can release carbon oxides, nitrogen oxides, hydrogen chloride and/or chlorine gases, disodium oxide and other toxic and irritating fumes.
Reactivity	: No dangerous reactions known under normal conditions of use.
5.3. Advice for firefighters	5
Protective equipment for firefighters	 In case of fire: Wear self-contained breathing apparatus. Wear recommended personal protective equipment.
SECTION 6: Accidental release me	asures
6.1. Personal precautions, protective e	equipment and emergency procedures
6.1.1. For non-emergency personnel	
Protective equipment	: Wear suitable protective clothing, gloves and eye/face protection.
6.1.2. For emergency responders	
Protective equipment	: Wear suitable protective clothing, gloves and eye/face protection.
Emergency procedures	 Avoid all eye and skin contact and do not breathe spray and mist. Prevent product from entering drains.
6.2. Environmental precautions	
Prevent product from entering drains.	
6.3. Methods and material for contain	nent and cleaning up
For containment	: Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents).
Methods for cleaning up	: Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents). Collect all waste in suitable and labelled containers and dispose according to local legislation.
6.4. Reference to other sections	
Refer to sections 8 and 13.	
Sep 23, 2022	EN (English) 2/5

HbA1c High Derivative Safety Data Sheet

SECTION 7: Handling and storage 7.1. Precautions for safe handling Precautions for safe handling : Avoid all unnecessary exposure. Handle as if potentially infectious. Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash h after handling. Do not eat, drink or smoke when using this product. Contaminal must not be allowed out of the workplace. 7.2. Conditions for safe storage, including any incompatibilities Technical measures: : Provide local exhaust or general room ventilation. Storage condition(s) :: Keep container tightly closed and dry. Store in well ventilated area. Keep cool. Incompatible materials : None Known 7.3. Specific end use(s) For further manufacture. SECTION 8: Exposure controls/personal protection 8.1. Control parameters None : 8.2. Exposure controls Appropriate engineering controls : Either local exhaust or general room ventilation is usually required. Personal protection : If this material may come in contact with the hands during handling and use, we wearing gloves of the following material(s): natural trubber latex, neoprene, intrinchicel (PVC). Consult your PPE provider for breakthrough times and the spe best for you based on your use patterns. Eye protection : A s a minimum, safety glasses with si	
Precautions for safe handling : Avoid all unnecessary exposure. Handle as if potentially infectious. Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash h after handling. Do not eat, rifnik or smoke when using this product. Contaminat must not be allowed out of the workplace. 7.2. Conditions for safe storage, including any incompatibilities Technical measures: : Provide local exhaust or general room ventilation. Storage condition(s) : Keep container tightly closed and dry. Store in well ventilated area. Keep cool. Incompatible materials : None Known 7.3. Specific end use(s) For further manufacture. Storage controls SECTION 8: Exposure controls/personal protection 8.1. Control parameters None : Gloves. Safety glasses. Personal protective equipment : Gloves. Safety glasses. Hand protection : If this material may come in contact with the hands during handling and use, we wearing gloves of the following material(s): natural rubber latex, neoprene, nitrin choide (PVC). Cossult your PEE provide(s): natural rubber latex, neoprene, nitrin choide (PVC). Cossult your PEE provide is should be worn when handling in the spebest for you based on your use patterns. Eye protection : As a minimum, safety glasses with side should be worn when handling in the simulatis material arup corone in contact with the body during handling an	
Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash h after handling. Do not eat, drink or smoke when using this product. Contaminal must not be allowed out of the workplace. 7.2. Conditions for safe storage, including any incompatibilities Technical measures: : Provide local exhaust or general room ventilation. Storage condition(s) : Keep container tightly closed and dry. Store in well ventilated area. Keep cool. Incompatible materials : None Known 7.3. Specific end use(s) For further manufacture. HbA1c High Derivative Safety Data Sheet according to Regulation (EC) No. 453/2010

according to Regulation (EC) No. 453/2010	
9.2. Other information	
Upper flammable Limit	: No Data Available
Lower Flammable Limit	: No Data Available
Sensitivity to mechanical impact	: No Data Available
Sensitivity to static discharge	: No Data Available
SECTION 10: Stability and reactivity	
10.1. Reactivity	
No dangerous reactions known under normal con	ditions of use.
10.2. Chemical stability	
Stable in use and storage conditions as recomme	nded in item 7.
10.3. Possibility of hazardous reactions	
None under normal conditions.	
10.4. Conditions to avoid	
Incompatible materials.	
10.5. Incompatible materials	
None known.	
10.6. Hazardous decomposition products	
No hazardous decomposition products known at r	•
SECTION 11: Toxicological information	pn
11.1. Information on toxicological effects	
Routes of Entry	: Skin, Eyes, Inhalation and Ingestion
Acute toxicity	: (Mixture not tested. Based on available data.)
No data available	
Skin corrosion/irritation	: Not classified (Mixture not tested. Based on available data, the classification criteria are not met)
Serious eye damage/irritation	: Not classified (Mixture not tested. Based on available data, the classification criteria are not met)
Respiratory or skin sensitisation	: May cause an allergic skin reaction (Mixture not tested. Based on available data.)
Germ cell mutagenicity	: Not classified (Mixture not tested. Based on available data, the classification criteria are not met)
Carcinogenicity	: Not classified (Mixture not tested. Based on available data, the classification criteria are not met). No ingredient present at greater than 0.1% is listed in National Toxicology Program (NTP) Report on Carcinogens (12th Edition), the International Agency for Research on Cancer (IARC) Monographs (Volumes 1–105), or by OSHA.
Reproductive toxicity	: Not classified (Mixture not tested. Based on available data, the classification criteria are not met)
Teratogenicity/Embryotoxicity	: Not classified (Mixture not tested. Based on available data, the classification criteria are not met)
Specific target organ toxicity (single exposure)	: Not classified (Mixture not tested. Based on available data, the classification criteria are not met)
Specific target organ toxicity (repeated exposure)	: Not classified (Mixture not tested. Based on available data, the classification criteria are not met)
Aspiration hazard	: Not classified (Not applicable)
Potential Adverse human health effects and symptoms	: May cause slight temporary irritation.
Toxicologically Synergistic Materials	: None known
SECTION 12: Ecological information	
12.1. Toxicity	
None 12.2. Persistence and degradability	
No additional information available	
12.3. Bioaccumulative potential	
None 12.4. Mobility in soil	
No additional information available12.5.Results of PBT and vPvB assessment	it
